

Edward Hines, Jr. VA Hospital is a tertiary care facility classified as a Clinical Referral Level 1A Facility. It is a teaching hospital, providing a full range of patient care services, with state-of-the-art technology as well as education and research. Comprehensive health care is provided through primary and tertiary care in the areas of Medicine, Surgery, Psychiatry, Physical Medicine and Rehabilitation, Neurology, Spinal Cord Injury, Blind Rehabilitation Center, Oncology, Dentistry and Geriatrics. The Edward Hines, Jr. VA Hospital has active affiliations with the Loyola University Stritch School of Medicine and is a rotation site for both the University of Illinois College of Pharmacy and Midwestern University Chicago College of Pharmacy. The Hospital shares a campus with the Pharmacy Benefits Management (PBM) Services, which assists with many projects nationwide.

Clinical Pharmacy Services at Edward Hines, Jr. VA Hospital include decentralized clinical pharmacists that provide pharmaceutical care to the inpatient population, pharmacy-managed ambulatory care clinics, and interdisciplinary primary care clinics with physicians, nurses, and dietitians. Clinical Pharmacists are recognized for practice, teaching and research excellence.

The Edward Hines, Jr. VA Hospital PGY-1 Pharmacy Residency Program is an ASHP accredited program that began in 1999. The program targets core areas of pharmacy practice, with focus on a well-rounded experience providing ambulatory care, an integrated inpatient/outpatient team approach to patient care, and experience in specialty programs. The program accommodates for individual experience and specific areas of interest. The resident is exposed to quality assurance and medication use evaluation activities and participates in formulary management. The resident participates in training Pharm.D. candidates. Each resident conducts a major project as well as presents at the Illinois Pharmacy Resident Conference.

Residency Program Director

Nick Burge, PharmD, BCPS
